

Welcome to University Hospitals of Cleveland.

At University Hospitals you will experience a team of physicians, nurses, therapists, technologists, and support staff that know how to put patients and their families first.

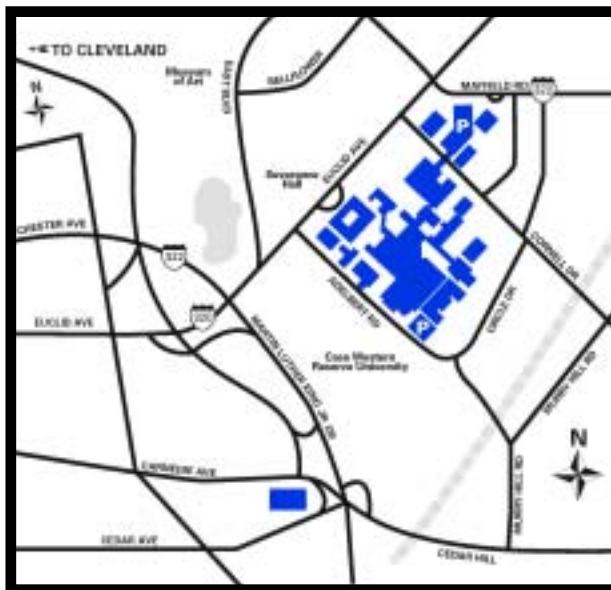

This brochure will help you find your way around the hospital campus. The map on the inside shows the building locations and provides directions on how best to reach them. The colorful coding system identifies the best choices for parking, hospital entrances and wheelchair accessible locations.

Remember to park in the garage that is closest to your appointment location. Look for the building name of your appointment location. Then match the shaded color of that page to the corresponding garage of the same color.

Patient and visitor long-term parking is available. Parking Office hours are Monday thru Friday 7 a.m. to 4 p.m. For more parking information and all parking concerns, please call the Parking Office at (216) 844-7275.

Please stop by any reception desk located by each hospital entrance for additional information or call the phone number listed next to your appointment location.
