

Holiday Policy during Core and Advanced Clinical Rotations

- 1) All students other than those doing Acting Internships will have designated holidays on Thanksgiving Day, Christmas Day, and New Years Day. During the Basic Core Clerkship blocks there is also a vacation period for two weeks over the Christmas and New Year holidays.
- 2) Other than on these specific days, students are expected to assume the professional responsibilities of the service on which they are rotating. There will be no set days off for Thanksgiving Friday and weekend, Memorial Day, July 4, Labor Day, Martin Luther King Day, or any other national holidays.
- 3) All questions and other communications on the details of the students schedule must be directed to the appropriate Discipline or Rotation Leader. These individuals will be encouraged to communicate information on holidays to students as far in advance as possible.
