

## **Kingman P. Strohl, M.D.**

**Professor of Medicine**  
**Director, Center for Sleep Disorders Research**  
**Professor of Anatomy**  
**Professor of Oncology**

### **Education:**

Undergraduate: Yale University, B.A.  
New Haven, Connecticut 1970

Medical School: Northwestern University  
Chicago, Illinois 1974

### **Training:**

Residency: University of Kentucky Medical Center  
Lexington, KY

Fellowship: Peter Bent Brigham Hospital  
Harvard Medical School  
Boston, MA

Research Fellow in Medicine, Respiratory Division

### **Area of Concentration:**

Kingman Strohl's distinguished career has spanned 20 years at CWRU where he has been a major contributor in educational and academic committees as a productive collaborator in the promotion of excellence in clinical training in pulmonary and sleep medicine. Dr. Strohl's most prominent recognition comes through his research, publications and presentations on sleep apnea for which he is internationally renown. His achievements have included editing a number of journals and publications, designing data analysis software and participating in national task forces on sleep apnea, sleepiness, and driving risk. He is currently involved in research on the genetics of respiratory control, pharmacologic modification of central apneas, the effect of early life on brain development, and sleep education.
