Schedule of NHLBI Summer Research Activities 2010

Tues June 1 12:00noon-1pm Wolstein 1403
HLB: Welcome/ Orientation Packet / Research Expectations/ MGSO/ Photos

Wed June 2 Department of Occupational and Environmental Safety Service Bldg.,
First Floor - Laboratory Safety Course 1:00 PM – 2:30 PM

Thur June 3rd 12:00 noon – 1:00 p.m.DeGrace Hall, Room 312,
SPUR: Prof. Emmitt Jolly, Department of Biology, “By snail, water and man, gene
expression patterns of a parasitic schistosome worm” Department of Biology

Sat June 5 social orientation E401, 7PM

Mon June 7 SMDEP begins

Tues June 8 12:00noon-1pm Wolstein 1403
HLB: Insoo Hyun, PhD., Assoc. Prof., Bioethics

Thur June 10 DeGrace Hall, Room 312, 12:00 noon – 1:00 p.m.
SPUR: Anthony Berdis, Ph.D. Asst Prof. Pharmacology, "The Development of
Adjunctive Chemotherapeutic Agents" (Alison out of town)

Tues June 15 12:00noon-1pm Wolstein 1403
HLB: Margaret Chandler, Ph.D. Asst. Prof Physiology mpc10@case.edu 368-3367

Thurs June 17Field Outing SPUR, Cleveland Museum of Natural History, One Wade Oval,
University Circle, 12: 00 – 4:15 p.m. meet in Meeting Room B, (lunch
provided, transportation on your own; Alison out of town)

Sat June 19 8:30 p.m.– 11:30 p.m. Ice Skating, Cleveland Heights Community Center Ice Rink,
Meet in the lobby of Glaser Hall at 8:30 p.m.

Tues June 22 12:00noon-1pm Wolstein 1403
HLB: Alex Huang M.D., Ph.D. alex.y.huang@case.edu 368-1271

Thur June 24th DeGrace Hall, Room 312, 12:00 noon – 1:00 p.m. (lunch served).
SPUR: Darin Croft, Asst Prof Anatomy “Fossil mammals from 14,000 ft.”
Tues June 29 12:00noon-1pm Wolstein 1403
HLB: Emmitt Jolly erj20@case.edu 368-2721

Thurs July 1  DeGrace Hall, Room 312, 12:00 noon – 1:00 p.m. (lunch served),
SPUR: Robert Miller, Prof Neuroscience

Sun July 4  Picnic! Squire Valleevue Farm. ~10AM-3PM Taxi-van transportation

Tues July 6  12:00noon-1pm Wolstein 1403
HLB: Diana Ramirez-Bergeron

Thurs July 8th  DeGrace Hall, Room 312, 12:00 noon – 1:00 p.m. (lunch provided).
SPUR: Ann Holstein “How to Make a Research Poster”

Tues July 13  12:00noon-1pm Wolstein 1402
HLB: Brandon Atkins, M.D., Ph.D. 368-2618

Weds July 14  Field Outing SPUR, Cleveland Metroparks zoo & Rainforest, 12:00 noon,
meet in front of the Rainforest entrance, admission tickets provided if reg.

Thurs July 15th  Ethics in Science Workshop – 10:00 a.m. until 3:00 p.m.
Shannon French, Inamori  Professor of Ethics, Crawford Hall, Ground Level

Thurs July 15  Medical and Dental School Fair 8:30 a.m. – 11:00 a.m. School of Medicine,
Student Lounge 4th floor

Fri July 16  SMDEP ends

Tues July 20  12:00noon-1pm Wolstein 1403
HLB: Zahra Toossi zxt2@case.edu; 368-4844

Thurs July 22 Abstracts Due to Julia Brown by noon electronically (no exceptions), word
format, pick up poster board for poster session.

Thurs July 22  DeGrace Hall, Room 312, 12:00 noon – 1:00 p.m. (lunch provided).
SPUR: Roger Marchant, Department of Biomedical Engineering, “Biomimetic
Vascular Engineering. Using Concepts from Nature to Design New Biomaterials”

Tues July 27  12:00noon-1pm School of Medicine Rm T-503
HLB: Kenneth Cooke; poster review/ closing comments

Fri July 30  Poster Session, Biomedical Research Building (BRB), Atrium, 8:45 a.m.,
Refreshments served, registration to Julia Brown required
(Alison on site visit Galveston TX)
Information on HLB, SMDEP:
Mandatory HLB seminars Tuesday noon RmXXX
Joy Smith, Multicultural Programs CWRU SOM Rm E421 Ph: 216.368.1914
Alison Hall, Graduate Education, CWRU SOM TG-1 Ph: 216:368-8668

Information on SPUR, field outings, poster session:
SPUR seminars on Thursdays in DeGrace Hall 312
Julia Brown-Allen, Graduate Coordinator, Biology Ph: 216.368.3556
Additional safety training arranged through DOES office 368-2906 (blood borne pathogens)

Alex Y. Huang, M.D., Ph.D. Intravital 2 photon microscopy to study immune cell recruitment and tolerance

Margaret Chandler, Ph.D. Myocardial energy metabolism and contractile function in heart failure, cardiac hypertrophy

Emmitt R. Jolly, Ph.D.

G. Brandon Atkins, MD. Ph.D. Mechanisms of KLF2 regulation in endothelial cells
Diana Ramirez, Ph.D.

Zahra Toosi M.D. The impact of tuberculosis on HIV

Kenneth R. Cooke M.D. Immunologic mechanisms in graft versus host disease following stem cell transplantation
