1. Date
2. Research/Project Title
3. Executive Summary
4. Background (define the problem to be studied)
   a. Military relevance
   b. Description of work
   c. Summary of the results to date
5. Technical Approach
   a. Objectives (1-2 paragraph summary of the goals you want to achieve in the proposed study)
      i. Hypothesis
      ii. Methods
   b. Clinical Trial
      i. Rationale
      ii. Study description/outline
      iii. Study milestones/expected or possible outcomes
   c. Additional follow-on work
6. Brief Description of the Project Team/Key Subcontractors
7. Project Schedule/Gantt Chart
8. Key Milestones/Deliverables (could be a table)
9. Duration and Cost
10. Conclusions/Summary
