Dr. Jean Emans received her MD degree from Harvard Medical School and has served as President of the North American Society of Pediatrics and Adolescent Gynecology. She is the Program Director of one of the seven Maternal Child Health Bureau (MCHB/HRSA) Leadership Education in Adolescent Health Training Programs in the U.S. She is the author of several textbooks, including Pediatric and Adolescent Gynecology (5th edition), co-author of three websites, [www.pedicases.org](http://www.pedicases.org), [www.youngwomenshealth.org](http://www.youngwomenshealth.org) and [www.bostonleah.org](http://www.bostonleah.org), a three volume Bright Futures Case Studies for primary care clinicians, and more than 100 articles.

Dr. Emans also serves as the Faculty Director of the Office of Faculty Development at Children's Hospital Boston. The Mission of the Faculty Development Office is to facilitate the career advancement and satisfaction of faculty; foster careers of all junior faculty, and increase leadership opportunities for women and minorities.
